

HANDCARE

Hand Disinfection

In addition to our standard Chlorhexidine hospital specification scrub solution is a specially formulated range of skin biocides and hand washes especially for the Veterinary practitioner.

ESENSE + Hand Foam Rub

- A product for those who seek an effective alternative to alcohol based hand rubs.
- A water based QAC with Chlorhexidine solution, dispensed as a foam for easy application.
- Has a drying time which allows for greater efficacy, as well as being able to conduct the Ayliffe Technique for hand disinfection correctly.
- Ideal for those who are unable to use alcohol based hand rubs, enabling greater compliance to hand hygiene protocols

VETSCRUB Handcare Anti-Bacterial Handwash

- Added skin conditioners to be mild, gentle and pH balanced for effective cleaning action.
- Designed to be ideal for use before VETGEL Surgical Hand Rub
- Available in 500ml dispenser bottles and 5ltr economy packs

CHEMGENE Alcolgel Skin Sanitiser

Alcohol gel contains 70% ethanol in an inert aqueous gel base:

- It is effective against a wide range of bacteria and fungi
- 50ml dispenser with personnel attachments
- For use as a rapid acting hand disinfectant for 'on-the-go' use whilst protecting the skin.

Use Biocides Safely. Always read the label and product information before use

SKINCARE CLINICAL

Skin Disinfection

4% w/w Chlorhexidine digluconate is the standard clinical specification hand scrub used as the preferred skin disinfectant for many clinical based applications, as recommended by infection control advisory boards.

VETSCRUB CHX

The standard scrub solution for high level skin disinfection, VETSCRUB CHX is proven effective against bacteria and fungal micro-organisms.

- Contains 4% Chlorhexidine Digluconate – the standard clinical specification.
- Is proven effective against bacterial and fungal micro-organisms
- Is available in 500ml dispenser bottles and 5 litre economy packs

**Always check you are using
a 4% strength solution to
deliver the clinical results
your high standards demand
and rely upon!**
