

ANIGENE HLD₄V

High Level Surface Disinfectant Wipes

ANIGENE HLD₄V disinfectant wipes are manufactured with the latests innovation in nonwoven material, offering unrivalled strength, absorbency and low lint properties at a very cost effective price. The wipes are impregnated with a multi-active disinfectant solution that is alcohol free and tested to EN standards as effective against a range of bacteria, viruses, fungi, yeasts and mycobacteria.

BENEFITS OF USE

ALCOHOL FREE

Compliant

- **ANIGENE HLD₄V** wipes are manufactured under ISO9001 quality standards.
- Controlled dosage ensures effective disinfection with each wipe.
- Wipes are tested to a range of European Standards.
- Mechanical action enhances disinfection.

Convenient

- No requirement for pre-mixing, reducing wastage and risk of errors.
- Canister can be stored on a work top or in a wall mounted bracket.

Cost effective

- Saves valuable time and reduces the need for cloths and cleaning solutions.
- 200 wipes per canister means low cost per wipe.
- Fully recyclable and packaging.

TRUSTED INFECTION CONTROL

AREAS OF USE

These wipes are designed for use on high risk areas and on most surfaces, including glass, metal, ceramics, plastics and rubber. The tub can be stored in the area of use for easy access to quickly disinfect surfaces at risk of contamination.

TECHNICAL INFORMATION

ANIGENE HLD4V Disinfectant wipes are developed and tested by qualified chemists and microbiologists. They are then subjected to stringent EN testing procedures to ensure efficacy against a wide range of Bacteria, Viruses, Fungi and Spores. Certificates are available on request.

Use biocides safely. Always read the label and product information before use.

PRODUCT SPECIFICATION

Wipe Material: 18gsm, 100% Spunbond Polypropylene

Quantity/Tub: 200 wipes

Outer Case Quantity: 10 tubs

Wipe Size:

200 drum - 200mm x 200mm

Material Colours: White

ANIGENE HLD4V has been tested effective against:

FUNGICIDAL

Aspergillus niger
Trichophyton spp
Candida spp
Microsporium spp

MYCOBACTERICIDAL

Mycobacterium terrae
(surrogate for Mycobacterium tuberculosis)
Mycobacterium avium

BACTERICIDAL

Pseudomonas aeruginosa
Campylobacter spp
Staphylococcus spp
Streptococcus equi
MRSA
MRSP
Escherichia coli
Bordetella bronchiseptica
Enterococcus spp
Salmonella typhimurium
Listeria monocytogenes
Legionella pneumophila

SPORICIDAL

Clostridium difficile
Bacillus cereus
Bacillus subtilis

VIRUCIDAL

Canine parvovirus
Feline calicivirus
Feline infectious peritonitis
Equine herpes
FIV
FeLV

Further testing pending certification.

QUANTITIES PER CASE

200 wipe drums: 10 per case
